ARTICULATION

In order to optimize student achievement of the Common Core State Standards for mathematics and language arts and literacy and the Core Curriculum Content Standards, the Harrison Township Board of Education shall be responsible for the delivery of educational programs at the elementary level using a coherent sequence of activities to prepare all students for employment or postsecondary study upon their graduation.

The superintendent shall develop programs whereby teachers of the various levels of the district's schools cooperate to achieve smooth transitions from level to level; whereby students in the district's schools receive instruction in the same subjects at the same levels as students in other districts who will be attending the same high schools; and whereby the transition for district students from our elementary school to the Clearview Regional High School is accomplished without unnecessary difficulty for any student.

Further, the superintendent will make every effort to develop a similar relationship with nursery schools from which district kindergarten students come.

The board shall make reasonable efforts to develop articulation agreements with New Jersey colleges and universities to facilitate the delivery of college credit courses to qualified students in the high school.
